

# Sandbach Clean Team

Newsletter no 34

July 2013

## AGM 2013

This was held on Wed 12th June in the Union Street Hall when the work of the Clean Team over the past year was reviewed. Keith Haines and Joan Knowles were re-elected as chair and treasurer respectively; committee members Dot Flint and Jenny Haines were also re-elected: all four for a further term of two years.

To close the meeting Keith Haines described the progress of the on-going scheme for wildflower planting in roadside verges on the main approach roads to Sandbach.

## Farmers' Market

The June litter pick was based at the Farmers' Market on the Cobbles. The high profile of yellow-vested members coming to our stand to collect equipment and leave litter brought our activities to the attention of a considerable number of people.

Sandbach Mayor, Cllr Mike Benson, visits the Clean Team stand

We received a large number of compliments for our work (but rather fewer offers of help!).

All-in-all a good day.

## Girl Power

All of Year 9 at Sandbach High School was involved in a massive town-wide litter-pick on Friday 26th April.

Throughout the day groups of yellow-jacketed young ladies patrolled the town removing every trace of litter. Many thanks to the Year 9 girls and to all the staff who organised the day. As a result the place looked great. Keep up the good work!

## Friends of Sandbach Station.

The clean team has given this new group three sets of litter-pickers for use in and around Sandbach Station.

We wish them all the best with the good work they are undertaking at the station, and now fully expect the place to be litter-free at all times!

## Future Litter-picks

These will be held on:

6th July      21st September & 19th October

In August we all have a holiday!
